*Offer is only good for new home purchases from Clarity Homes, K. Hovnanian Homes, and Sandlin Custom Homes. The developer will fund the homeowner's annual common expense obligations (annual homeowner's dues) through its subsidy which will relieve the homeowner of an obligation to pay these annual homeowner assessments for the 1 year period which will begin the January 1st following date of homebuyer closing. This promotion does not include any closing fees (resale certificate, transfer fees, working capital or reserve fund capitalization). This program is non-transferable.
